

Answering Of Questions Big Welfare Task

Answering questions is one of the big jobs of the Torrance Welfare Center, say the four welfare workers who have volunteered for this service. Under a new plan all questions will go to agency case workers who are well informed and experienced in the welfare field. Inquiries at the Welfare Center vary somewhat with the season. Just now there are many inquiries about camps and vacation features. Child care problems run high at the beginning and end of the school year. During the winter facilities for financial help or for

Members Of CAP In Flight To Antelope Valley

A breakfast hop Sunday by members of the Civil Air Patrol to Antelope valley, where 13 planes landed at a resort ranch situated in the desert foothills, is only one of many such flights planned by the Third Group Pilots.

Major C. H. Holmes, leader of the group, revealed real flying pleasure was enjoyed by the 25 air enthusiasts who took off early from the Lomita flight strip and less than an hour afterwards breakfasted in true desert style.

Local airmen and their guests to participate in the flight were Fred Lincoln, Mr. and Mrs. Al Trefethen, Mr. and Mrs. R. D. Jackson, Mr. and Mrs. Dick Willis, Lois Plummer, Ralph Dixon and Bill Dixon.

Fifty-Eighth Christian Church Convention Soon

The 58th Annual Convention of the Christian churches of Southern California has secured Dr. Charles Clayton Morrison of Chicago, editor of the "Christian Century," as guest speaker. The convention will be in session from July 23-28 at the Wilshire Christian church in Los Angeles.

The general secretary, Dr. Clifford A. Cole, announces the convention registration will probably reach 4,000. The Christian church in Southern California has a membership of 60,000 and the churches number approximately 150. Delegates from the local Christian churches will be in attendance at the convention.

"Public Notices"

NOTICE OF ELECTION NOTICE IS HEREBY GIVEN that a Special Municipal Election shall be held in the City of Torrance, on Tuesday, the 20th day of August, 1946. The following measure will be submitted at the election:

Council Asked To Voice Opposition To Gila-Wellton-Mohawk Water Bill

Torrance City Council has been asked by the board of directors of the Metropolitan Water District to wire California congressmen to oppose, at this time, the Gila-Wellton-Mohawk project bill now pending before the House Committee on Irrigation and Reclamation. Reasons for opposition to the bill at this time were set forth in the telegrams, which read as follows: "In re H. R. 5484 authorizing the Gila-Wellton-Mohawk project in Arizona. The above numbered bill now pending before Committee on Irrigation and Reclamation authorizes project involving, as stated by Assistant Commissioner Warne, use of 1,340,000 acre feet of main stream water of Colorado River. Proponents of bill have not followed procedure prescribed by Section 1 (a) of 1944 Flood Control Act, Public Law 534.

"Authorization of project should not be undertaken without reference to the comprehensive plan now nearing completion for best utilization of available waters of the river. Most recent estimates of dependable water supply show insufficient water to serve the proposed project after satisfying Mexican Treaty requirements and projects in U. S. now in actual operation and having senior water rights, including Metropolitan Water District of Southern California contract of 1931. Failure of water supply in critical periods would imperil Federal investments.

DIVIDED FEELINGS

This is the season of the year when the neighborhood filling station operator is a man of mixed emotions. He knows he's going to do a nice piece of business fixing up your car for that vacation trip—even some new tires, maybe, if he can get 'em. But then you'll be gone for a couple of weeks, dad gum!

IMPROVED FUELS

A petroleum authority predicts a 20 percent saving in gasoline consumption per car within the next few years as engines are designed to take advantage of improved fuels. It, and his station isn't on wheels.
